## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/28/06 has been entered.

### ***Response to Arguments***

2. Applicant's arguments with respect to claims 26, 28, 33-43, 49-52, and 64-87 have been considered but are moot in view of the new ground(s) of rejection.

### ***Allowable Subject Matter***

3. Claims 28, 33-43, 49-52, 64-74, and 77-87 are allowed.

Regarding claims 28, 64, 81, 84, and 87, prior art of record fails to show or reasonably suggest the organization of linking masks with video programs as claimed, specifically, each mask corresponding to a particular video frame, each mask including graphics data and an identifier to an object mapping table, wherein each entry in the object mapping table references an information data structure with information associated with the video object. Further the prior art of record fails to show or reasonably suggest, providing object data packets including the mapping table and one

or more information data structures, wherein a particular one of the information data structures includes an indicia indicative that a particular video object is linked to a multiplexed program stream.

***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 26, 75, and 76 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 75 and 76 depend from cancelled claim 1, which renders its scope indefinite.

Claim 26 depends from claim 75 (where claim 75 depends from cancelled claim 1).
